

# Need help saving money on your gas and electric bill ?

You may qualify for assistance from Habitat for Humanity to help you lower your energy bill.

Habitat for Humanity Chicago South Suburbs is offering assistance in reducing your energy bill through the installation of energy saving devices. This program is available to individuals or families in the Chicago Heights neighborhood who meet income eligibility guidelines on a first come, first serve basis.

Our approved contractor, Walker-Miller Energy Services LLC will perform a certified BPI energy assessment of your home to determine areas where you are losing energy. They will then work with an approved local contractor on making your home more comfortable, safer and healthier through the installation of energy- saving improvements.

Act now – only a limited number of home improvement dollars are available.

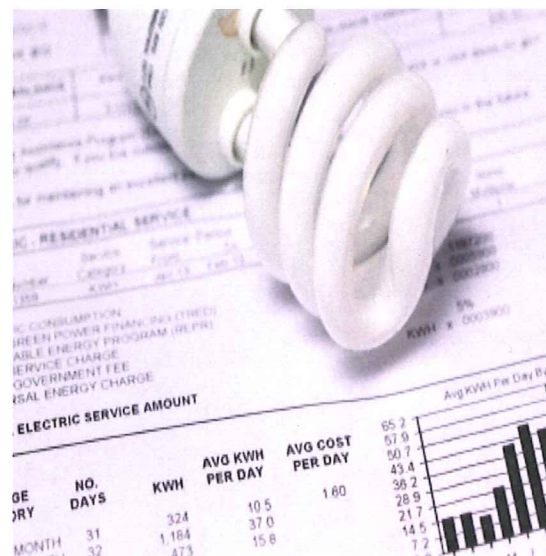

For more information, call Habitat for Humanity:

Phone: (708) 756- 2015

2. Gather Documents along with your application.
  - a. Copy of the deed to your home or proof of homeownership
  - b. Homeowner's insurance
  - c. 2 Years of Income documents: Tax Return, Social Security receipts, Retirement pay receipts or other documentation of household income
3. Submit your completed application by mail to: Habitat for Humanity, Weatherization Program  
139 W Joe Orr Rd  
Chicago Heights, IL 60411 OR  
By email to: [support@wmenergy.com](mailto:support@wmenergy.com)

*Disclaimer: Program acceptance takes into consideration health and safety conditions of each home. Environmental and health hazards may prevent our team members from providing program participants with additional services beyond the energy audit if there are critical health and safety hazards that exist. Habitat for Humanity will strive to work with homeowners to overcome those challenges to the best of our ability. Your application does not guarantee approval. This program is on a first come, first serve basis.*
